

## Naughty (Silly) Puppies!!

We have two dogs.....a Golden Retriever and a Cocker Spaniel.....who are big buddies and also the two biggest "partners in crime" that will ever be.....

One day I came home from work to find garbage from one end of the house to the other!! I don't think there was a single can unturned in our entire house!!

When I came home to find this, I was quite upset and hollered, "What in the world?!".....both dogs scattered to their kennels!!

As I was picking up the garbage and muttering unmentionable words under my breath, our adorable (naughty) Cocker kept peeking around the corner at me. Every few minutes, I would see this little freckle-faced nose peering around the corner...followed by two adorable black eyes.

He finally inched his way to my feet.....where he sat and blinked at me....so much as to say..."Sorry Mom".

How can you stay mad at a face like that??
